Software

Imagine working for a company that has been named one of Puget Sound's fastest growing companies nine years in a row. **Dexter + Chaney**, maker of award-winning software for the construction industry, has the following career opportunities available on our development team:

Entry Level Programmer

Job responsibilities include:

- Programming changes from written specifications in our 4GL development environment.
- Troubleshooting and resolving reported issues.
- Working under the supervision of senior programming staff.

Position requires Bachelor's degree in computer science. Experience with SQL or Crystal Reports a plus.

Entry Level Software Tester

Job responsibilities include:

- Testing software corrections and enhancements.
- Constructing and executing detailed test plans to ensure modifications meet design specifications and standards.
- Documenting issues for programming staff.

Position requires a Bachelor's degree, an eye for detail, excellent organizational and communication skills, and the ability to work independently and as part of a team.

Additional Information

Familiarity with Forefront Construction Suite, accounting, or construction/job costing a plus.

Excellent benefits, including medical/dental, 401(k) with company matching, cafeteria plan, and profit sharing.

Please e-mail resume with cover letter and salary requirements to:

hr@dexterchaney.com. Indicate the job title from above in the subject line of your e-mail.
